Qualify for the WOW Leadership award with 4 Managers

To qualify for the WOW Leadership award, you need a total of four Managers and be a Director. After you qualify as a Director through the Fast Track program, you have six more months to achieve four Managers.

The leadership award is your choice of leadership trip to Walt Disney World in Orlando, Florida, or Hawaii, 1.5-carat total weight diamond ring or Technology Essentials Package. (Trip must be taken within 12 months of qualification.)

As you build your team and qualify to be a Director, the next few months will be a life-changing experience for you, and those you welcome onto your team. Your Director and Regional leader will support you and cheer you all the way! We look forward to celebrating your success very soon!

Note: Dream Team sales include those by you, your personal recruits and their recruits, down to the next DIQ. Former Directors may participate in Fast Track, but they are ineligible for the WOW Leadership award. Current DIQs may switch to Fast Track. See separate document for details.

* To promote to Director through Fast Track: In August, you need \$2,000 in sales by you and your personal recruits, \$500 minimum personal sales, minimum \$7,000 in Dream Team sales and nine active personal recruits. Then, by December 31, achieve a total of \$30,000 in total Dream Team sales in (up to) any three consecutive sales months and develop two new Managers. Minimum Dream Team sales of \$7,000 and minimum personal sales of \$500 each month required to stay in the Fast Track DIQ program.

** To count as a new Manager, the Sales Force Member cannot hold that title or higher on July 31, 2010, the start of the August sales month. The Consultant may qualify as a Manager anytime during the time that you are a DIQ and no later than December 31, 2010.
