## For No-Odor Ice Cubes!

**\$50 Purchase-with-Purchase: Freezer Mates® Fresh & Pure Ice Trays**

Available June 12–July 9, 2010

### 20+ different uses!

Nothing is better than pure ice to cool your beverages on a hot summer day. For something special, try freezing lemonade or tea in a Freezer Mates® Fresh & Pure Ice Tray—it will give your beverages an extra-flavorful kick. Or add a piece of fruit to each cube for a stylish touch of elegance.

Each Fresh & Pure Ice Tray has a specially designed seal that allows you to fill from the faucet with no spills on the way to the freezer. While freezing, this seal helps keep flavor in and freezer odors out, ensuring you have pure ice every time.

- Set of two.
- Purplicious.
- Dishwasher safe.

You can also use them to conveniently freeze beef or chicken broth for later use. It's just one of 20 different uses for the versatile Freezer Mates® Fresh & Pure Ice Trays:

**Pesto:** Fill each cube with pesto, seal and freeze. For easy preparation, place cubes in a stainless steel mixing bowl and rest the bowl over a Chef Series™ 6-Qt./5.6 L Dutch Oven pot of cooking pasta (for a makeshift double boiler). The heat from the boiling water will melt the cubes just in time to toss with the hot pasta.

**Stocks, Broth & Sauces:** Fill each cube with stock, broth or sauce, seal, and freeze. Remove and use as needed.

**Lemon & Lime Juice:** Fill each cube with lemon/lime juice, seal, and freeze. Remove as needed for adding that zing or lemons/lime flavor to cooking or baking.

**Homemade Baby Food:** Freeze small amounts pureed fruits, vegetables, starches, and meat in each cube. Fill each cube, seal, and freeze for fresh, unprocessed baby food. To use, take out the desired number of cubes and thaw or reheat before feeding.

**Fresh Herbs:** Tupperware® Quick Chef, chop fresh herbs. Transfer 2 tbsp. of herbs into each cube, fill with approximately 1 tbsp. of water per cube, seal and freeze. Store until you are ready to add them to sauces, soups, stews or salsa.

**Leftover Wine:** Fill each cube with any type of wine, seal, and freeze. Perfect for adding to sauces. There may be a small difference in color of the sauce but will not affect the taste.

**Juice & Pudding Popsicles:** Fill each cube with juice or pudding, seal and freeze. When ready to eat, remove from freezer, place in a snack cup and let it slightly thaw until it becomes the consistency of an Italian Ice.

**Frozen Fruit Chunks:** For the perfect garnish for a sparkling summer drink, place assorted fruits into each cube including strawberries, lemon/lime zest, raspberries, pineapple, or grapes. Fill the remainder of the cube with water, seal, and freeze.

**Buttermilk:** Fill each cube with buttermilk, seal and freeze. Buttermilk can be frozen to be used in baking. If you would like to use it to make salad dressing, place in the Tupperware® Quick Chef and blend it till it returns to its original consistency.

U.S.

**Egg Whites & Egg Yolks:** Fill each cube with egg yolk/egg white, seal and freeze. Use for recipes that call for egg white or egg yolks.

**Pancake, Waffle, & Crepe Batter:** Fill each cube with batter, seal and freeze. Place a cube on a hot fry pan, let it thaw and spread out then cook as normal without the fuss.

**Coffee & Tea:** Don't water down your drinks. Fill each cube with coffee or tea, seal and freeze. Use in place of ice for iced coffee or tea.

**Tomato Paste & Tomato Sauce:** When all you need is a small amount for a recipe, fill each cube with tomato paste or sauce, seal, freeze and use as needed.

**Leftover Gravy:** Fill each cube with leftover gravy, seal and freeze. Remove and use as needed.

**Gelatin Squares:** Prepare gelatin square recipe on packaging. Refrigerate until firm. To loosen, run a small knife under hot tap water and loosen edges.

**Flavored Cubes:** Fill each cube with your favorite fruit flavored drink or juice, seal and freeze. Use to flavor ice tea or other beverages or to add flavor to water in your Tupperware® Sports Bottle.

**Onions, Garlic, Chilies, Carrots, & Celery:** Chop vegetables using the Tupperware® Quick Chef. Transfer 2 tbsp. into each cube, fill with approximately 1 tbsp. of water per cube, seal and freeze. Perfect for adding to casseroles, sauces, soups, stews or salsa.

**Chocolate Molds or Fudge:** Prepare chocolate or fudge according to directions. Fill the cube with the chocolate, seal and freeze until firm. To loosen run a small knife under hot tap water and loosen the edges.

**Leftover Condiments:** Fill each cube with leftover condiments like mustard, ketchup, barbecue sauce, salsa, or relish, seal and freeze. Thaw and use as toppings or in recipes.

**Cookie Dough:** Always have fresh baked cookies on hand. Fill each cube with a heaping teaspoon of cookie dough, seal and freeze. Thaw slightly, place on cookie sheet and bake as directed in recipe.

\$25.50 value—Save 45% with each \$50 purchase!

**Price: \$15.00 #881816**

Sample price: \$15.00. Use item #58315.

## Get a Handle on Your Summer Beverage Needs!

### **\$80 Purchase-with-Purchase: 2-Qt./2 L Beverage Buddy**

Available June 12–July 9, 2010

#### **On-the-go beverage tote!**

Here's an exclusive beverage solution that's ideal for on-the-go and outdoor use. It's easy to fill, easy to dispense and, with its unique, fold-away handle, easy to carry. The wide base means it won't tip over in a strong breeze or easily get knocked over in transport. And, the flip-open dispenser opening is small enough to regulate the flow of ice cubes from the pitcher.

As an added plus, the oval shape allows it to fit inside a door shelf of most refrigerators. And because it's so durable, you'll never have to worry about compromising your children's personal safety.

- 2 qt./2 L capacity; can serve up to eight beverages before refilling.
- In Cool Aqua.
- Dishwasher safe.

Retail value \$18—save 44% with each \$80 purchase!

**Price: \$10.00 #881817**

Sample price: \$10.00. Use item #58316.

Director Kick-Off Meeting: May 31 or June 1, 2010  
Samples available: Starting May 27, 2010

### Mid-June Brochure dates: June 12–July 9, 2010

Summer is officially here, so we're turning up the heat on Host rewards with an array of exclusive Heat 'N Serve® Containers in exciting new colors. By hosting a party and qualifying for these microwave-reheatable wonders, Hosts can free themselves from cooking over a hot stove—that's how cool they are! Heat 'N Serve® Containers go directly from fridge or freezer to the microwave and then to the table. Here's the best part—they're completely automatic, with no venting needed.

Mid-June Host offers include a Personal Salt & Pepper Shaker Set dating gift to excite Hosts about the rewards they can achieve at their upcoming party. Then, for holding the party, they'll receive an exclusive Heat 'N Serve® 5-Cup/1.2 L Square Round Container as a Thank-You Gift.

Once they achieve \$550 in party sales and two friends date and hold their own parties, Hosts can qualify to use their Host Credit to select an exclusive Heat 'N Serve® 8-Pc. Collection. Heat 'N Serve™ Containers offer no-worry ease for meal planning. With this set, a Host can store, freeze, reheat and serve all sorts of meal combinations, all from one of these ingenious containers.

### Example

This is just one example for Host rewards. Other Hosts may prefer to use their Host Credits only on products of their own choice from the catalog. There are many ways to convince Hosts to fill your date book with new parties, providing you more opportunities to recruit Hosts and guests and build your present and future sales!

Here's how Hosts can receive products valued at \$189.50 for only \$6 during June 12—July 9 with a \$550 & 2 party.

## Exclusive Host Offer

### Exclusive Microwave Set for Hosts!

**Heat 'N Serve® 8-Pc. Collection**  
**\$550 & 2 Brochure Host Exclusive**  
Available June 12–August 13, 2010

Here's an exclusive set of microwave-ready containers that are totally fool-proof—even the man of the house can use them! What really sets this exclusive set of Heat 'N Serve® Containers apart is the unique, raised-hub center built into the base. It allows each container to evenly reheat leftovers. Plus, the seal includes a revolutionary, automatic no-worry valve that enables steam to escape automatically when heating. So there's nothing to change or reset. As your food cools, the valve equalizes the air pressure inside the container to fully maintain the shape of the seal.
